1. A mortar unit with about 15 trucks moved into the MEISSEN-ZASCHENDORF (N 52/F 09) kaserne on 23 October 1949. The trucks were occupied by troops and loaded with billeting equipment.

2. A AAA column of about 30 trucks with mounted guns or towing light guns, moved into the kaserne on 26 October 1949. The column included jeeps with mounted AA machine guns.

3. Besides the two mentioned units, a signal unit of about 180 men was quartered in the kaserne. A colonel was the ranking officer.

4. Six tanks were detrained at the MEISSEN freight station on 27 October 1949. Led by a T 34 tank, they moved to the MEISSEN-BONITZSCH kaserne. The tank column was followed by truck

Comment:

a. It appears possible from the above report that the 218th Mort Regt, the ? No. (216th?) AAA Regt and the ? No. Sig Bn of the 9th Tank Div may be stationed in the MEISSEN-ZASCHENDORF kaserne, and not, as was previously assumed from vague information, in RIESA.

b. The 95th Tank Regt of the 9th Tank Div is assumed to be stationed in the MEISSEN-BONITZSCH kaserne.
